Comfort Colors:

Welcome to Saturday Style

COMFORT COLORS IS ABOUT MORE THAN HIGH-QUALITY, COMFORTABLE T-SHIRTS. COMFORT COLORS IS AN ATTITUDE. COLOR IS THE WAY WE EXPRESS OURSELVES; COMFORT IS THE WAY WE LIVE OUR LIVES. ESPECIALLY ON SATURDAYS.

T-shirts, tanks, hoodies, and sweats. We've got your favorite. Your "go-to." Nothing fits like it. Nothing feels like it. That Saturday feeling comes with everything we make.

Comfort Colors. The name says it all...

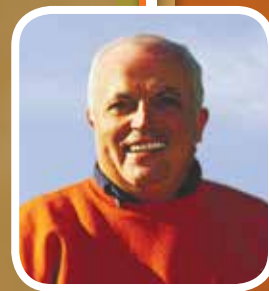

The Man Behind The Shirt

A trained chemical colorist with a penchant for weekends, Barry T. Chouinard loves his job.

Colorful. Like the t-shirts he garment dyes, Barry has a vibrant personality. Part mad scientist, part benefactor, part poker player, he is the quintessential entrepreneur. He can often be found in the early mornings at the Dye House matching colors, controlling quality, or even dyeing a load of shirts.

Chouinard is the third generation of his family working in the textile industry; he honors tradition and hard work. His relationships, just like his t-shirts, are cherished and last for years.

At Comfort Colors, Chouinard's customers are teammates; his staff is family. And you thought the name was just about the fabric...

Men's Tees

THIS IS WHAT TO WEAR WHEN YOU ARE JUST BEING YOU! SO FORGET THE 9 TO 5. REMEMBER THAT MEETING? IT JUST GOT CANCELLED. PUT THESE ON AND IT'S INSTANT SATURDAY.

The t-shirt came on the scene in the 1940s along with Glenn Miller and Artie Shaw. Comfort Colors opened its doors in 1975 and we listened to James Taylor and Earth Wind and Fire. American icons. I make my own music; wear my own style. That is why this t-shirt suits me so well.

Comfort Colors Men's Tees are pre-shrunk 100% cotton. The ribbed collar, set-in sleeves and shoulder-to-shoulder neck-taping make it all hang together. I prefer the heavyweight 6.1 ounce Tee. It just feels right. In this t-shirt, I can kick back and be myself.

They call it Comfort for a reason.

Men's Tanks

WHEN YOU WANT TO KEEP COOL OR BE COOL. SHOW US YOUR GUNS OR SHOW US YOUR SENSE OF EASE, THE COMFORT COLORS TANK IS THE TICKET.

The differences between an undershirt and a tank are not as subtle as you might think. An undershirt is like a two-by-four. It sits on the foundation and keeps everything together. A tank, on the other hand, is more like a Doric column. If my body is a temple, I'll be the Parthenon in this tank.

From the Double-needle stitching all around to the self-bound neck and armhole trim, this tank sets the standard for me. I can hit my stride in style even as I relax into the ultimate comfort.

RECESS. THE PLAYGROUND. LUNCH WITH GRANDPA. THIS IS WHAT YOU WANT TO WEAR WHEN YOU ARE JUST BEING YOU!

In this shirt, I have superpowers. Really. I am strong and I can fly. I am awesome.

This shirt is as comfy as pajamas, except better: I can wear it outside without getting in trouble. I hope I never have to give this shirt to my little sister; it's my favorite.

My parents probably care about what it is made of. Tell them the t-shirt is pre-shrunk (is that like a shrunken head? Cool.) 100% cotton and has things like ribbed collars and set-in sleeves. The sweats are 80% cotton and 20% polyester – they last longer that way and stay fluffy on the inside.

Construction Details

THEY SAY THAT CLOTHES MAKE THE MAN (OR WOMAN).
AT COMFORT COLORS, IT IS THE DETAILS THAT MAKE THE
CLOTHES. THE SIMPLE THINGS ADD UP. IT'S SYNERGY.

Proven color formulations, state-of-the-art hardware, constant quality control, hands-on production, custom colors, same-day shipping, volume discounts, unparalleled customer service, and guaranteed satisfaction add up to a beloved product, greater than the sum of its parts.

Our garments are constructed of the finest, softest cotton available in the marketplace. Our fleece products combine this same exceptional cotton with a small percentage of polyester to enhance drape and feel. All our fabrics provide a worn, gentle feel with zero shrinkage. Comfort Colors clothing is designed for a great fit on every body. We style for consumer comfort, garment performance, and a vintage look.

Time to slip into something a little more Comfortable...

COLLARS

Our knit collars and cuffs are constructed to lay flat, even after repeated washings. We use a double fold on our collars to eliminate the picky, scratchy feel of exposed raw edges that can sometimes be found on other products.

DOUBLE-NEEDLE STITCHING

We use double needle stitching throughout to make our products longer lasting, give better structure and a finished look.

NECK TAPING

Comfort Colors shirts feature neck taping from shoulder to shoulder. This gives the garment stronger construction, greater comfort and a longer life.

ZIPPERS

We use heavy-duty zippers. The integrity of our zippers eliminates the breakage and splitting associated with inferior quality zippers.
